MEMORANDUM

TO: District Board of Trustees

FROM: William D. Law, Jr., President

RE: Academic Programs and Courses

The Academic Affairs Committee has approved the attached list of course and program revisions and additions for the 2006-07 academic year.

The History/Social Science Division is adding three new courses to expand the elective options in non-American history. In addition, the nine courses needed for the Educator Preparation Institute were approved.

The Communications/Humanities Division is adding 4 art courses in the category of 3-dimensional art, a requirement for transfer to upper division. The introduction of Ceramics is a significant move forward for the art program.

The Criminal Justice department is adding an elective course in the study of international terrorism to stay current with knowledge needed in the profession.

Finally, the Radiologic Technology program was modified to match the statewide articulated A.S. to B.S. option in Radiology. The primary change is moving from a one semester to a two semester anatomy and physiology sequence.
